False alarm, I am sorry Dave, I did not scroll all the way down on the attachments. My apologies. They are there and they appear to be the correct ones.

Again, my apologies,  
Dietrick

Dietrick, Ginny,  
Didn't the comments transmit as attachments?  
The ones I have are dated January 11 and those are the ones I transmitted as the attachment.  
Please let me know if there is another set we should be using.  
Thanks,  
Dave

Dear Jack, and Anaconda Technical Stakeholders, Please find attached EPA's cover letter response to the OU1 RAO Tech Memo plus three attached sets of comments.

EPA would like to work with you to schedule a discussion with the stakeholder group on these comments and on the next steps of the Feasibility Study process.

Thank you.

Best Regards,
